Summary

Creative Software Engineer with proficiency in monitoring software performance tests and revising programs for corrections. First-rate critical thinking and organizational skills. Excellent understanding of basic development principles and programming for diverse operating systems.

Experience

Software Engineer

Glassdoor

Jan 2024 - Present (3 months)

As a Software Engineer at Glassdoor, I specialize in optimizing and refining admin panels to ensure seamless operations for internal users.

Collaborating with cross-functional teams, I work on enhancing user interfaces and streamlining processes.

My role involves leveraging cutting-edge technologies to deliver solutions that improve overall usability.

Senior Software Engineer

Euphoria XR

Oct 2022 - Mar 2024 (1 year 6 months)

As a senior software engineer, I design, develop, and maintain web applications using Ruby on Rails, React, and DevOps practices.

I collaborate with cross-functional teams, ensuring efficient, scalable solutions that adhere to industry best practices.

Skilled in code reviews and issue resolution, I prioritize high-quality, reliable software delivery.

I mentor junior team members to foster their growth and success.

Software Engineer

Recurso Labs

Sep 2021 - Oct 2022 (1 year 2 months)

Experienced Software Engineer and Project Manager adept at leading cross-functional teams to deliver high-quality software solutions.

Skilled in hands-on development, ticket management, task assignment, and ensuring project milestones are met.

Expertise in balancing technical proficiency with strategic project management to drive efficient outcomes.

Software Engineer

Devsoul Technologies (Pvt.) Limited

Oct 2019 - Jul 2021 (1 year 10 months)

Experienced software engineer proficient in Ruby on Rails and React.

Strong collaborator with expertise in high-performance application maintenance and DevOps practices.

Skilled in code reviews, troubleshooting, and mentoring team members.
Committed to delivering results through problem-solving and effective communication.

Ruby on Rails Developer

Sizdom Technologies

Mar 2017 - Sep 2019 (2 years 7 months)

As a Ruby on Rails Developer, I led the entire software development lifecycle, specializing in performance analysis, design, development, and rigorous testing.

Proficient in crafting robust and scalable solutions exceeding client expectations. Skilled in professional-client interactions, demonstrating strong communication and exceptional customer service.

Passionate about impactful software creation.

Education

GIFT University

Bachelor of Science - BS, Computer Science

2015 - 2019
